Summary

Motivated BSc Computer Science student with a strong interest in software development, web technologies, and emerging technologies. Currently building practical skills through hands-on projects, technical learning, and developer events. Eager to gain industry experience through an internship, contribute to real-world projects, and continuously grow as a technology professional.

Skills

Programming Languages Python, Java, JavaScript

Web Development HTML, CSS

Desktop Development Electron.js

Tools & Platforms Git, Github, VS Code, PyCharm

Core CS Concepts Data Structures & Algorithms

UI/UX & Design Figma, Basic UI/UX

Soft Skills Problem Solving, Communication, Teamwork, Adaptability, Quick Learning

Project Experience

Desktop Calendar Widget | Electron.js

- Developed a lightweight desktop calendar widget using Electron.js.
- Implemented an always-on-top, draggable interface for convenient access on the desktop.
- Focused on creating a clean and minimal user interface.

Personal Portfolio Website

- Designed and developed a personal portfolio website to showcase projects, skills, and achievements.
- Created a responsive and user-friendly layout using web technologies.

Finance Tracker

- Developed a personal finance tracking application to record and organize income and expenses.
- Designed a simple interface for easy management of financial information.

Tic-Tac-Toe Game

- Built a functional Tic-Tac-Toe game to practice programming and problem-solving skills.
- Implemented game logic, user interaction, and win/draw conditions.

Education

Bachelor of science in computer science

Bachelor of Science in Computer Science (BSc CS)

Dr. D. Y. Patil College, Pune

Expected Graduation: 2028

Current Year: 3rd Year
